MINDBODY Selected for Glassdoor's 2015 Employee Choice Awards

Global software company honored as one of the top 50 Best Places to Work in the U.S.

San Luis Obispo, CA – December 10, 2014 – MINDBODY, a leading global provider of web and mobile management solutions to the combined wellness and beauty industries, has been selected for the second time as one of the top 50 Best Places to Work in the U.S. as part of Glassdoor's 2015 Employees' Choice Awards. In its seventh year, the Employees' Choice Awards rely entirely on the input of employees, who elect to provide feedback on their jobs, work environments and companies via Glassdoor's anonymous online company review survey. In the 2015 awards, MINDBODY ranked 34 out of 50 among companies with 1,000 employees or more.

"On behalf of the MINDBODY Leadership Team, we are thrilled that our people have given us a Best Places to Work ranking on Glassdoor," said Rick Stollmeyer, MINDBODY's Co-founder and CEO. "Being named on this list reinforces our commitment to the MINDBODY Core Values, and to the belief that we are all capable of finding personal fulfillment and professional growth at work."

To determine the Top 50 Best Places to Work in the U.S., the Glassdoor panel analyzes all reviews for each company, looking closely at the quality, quantity and consistency of reviews to determine exact rankings.

In the Glassdoor reviews, MINDBODY employees recognized for fostering career growth, encouraging healthy lifestyles, maintaining a caring environment and promoting a work-life balance, among other strengths. In addition, 91% of reviewers stated that they would recommend MINDBODY to a friend, and 99% stated that they approve of MINDBODY's CEO.

Glassdoor's transparent career forum has a growing database of 6 million company reviews, CEO approval ratings, salary reports, interview reviews, interview questions, benefit reviews, office photos and more. Unlike most career sites, all information is shared exclusively by employees, giving job seekers the inside scoop – both positives and negatives - on what it's really like to work at any given company.
